

SERIES 1

PHOTOGRAPHY WORKSHOP CURRICULUM

Objectives

Within this workshop participants will be able to:

- Recognize and apply the key elements and techniques of digital photography
- Recognize the key techniques required to conduct a video interview
- Developing good interviewing techniques
- Critique photographs based on their visual elements
- Critically analyze visual representations in photographs and identify the motivations for these representations
- Create, develop and produce a photo essay
- Create, develop and produce a portrait using photographs and writing
- Use photography and oral testimonies to tell their stories and voice their concerns, particularly as refugee youth living in Montréal
- Use photos for advocacy purposes
- Exhibit their work publicly

Sessions in this Series

Session 1.1	Introduction to Photography	3 hrs
Session 1.2	Composition - Photos and Words	3 hrs
Session 1.3	The Refugee Experience	3 hrs
Session 1.4	Storytelling Through Storyboards and Oral History	3 hrs
Session 1.5	Character Portraits	3 hrs
Session 1.6	Editing and Interview Techniques Revisited	3 hrs
Session 1.7	Critical Analysis	3 hrs
Session 1.8	Review and Concluding Session	3 hrs

Total time required for this Series:

24 hrs

Session 1.1 Introduction to Photography

Objective

This workshop will familiarize participants with the compositional elements of photography. It will introduce them to the key design elements, terms and basic functions of photography and digital cameras. In addition, media literacy and critical thinking skills will be imparted to the participants.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Personal Introduction (20 minutes)

- Participants introduce themselves by stating their name. They will also be asked to share three statements about themselves, 2 that are true, and 1 which is false.
- Participants will fill out an information form that will assess their photography experience, their expectations for this workshop and their computer proficiency. They will then be invited to share what they wrote.
- Participants will also at this time, be provided with a program folder and notebook. The folder will include: the CCR's refugee terms glossary, consent form, media resource list, the program's schedule and the handouts for Session 1.1

PART B – Perception Exercise (20 minutes)

- As participants enter the workshop, they will be given a photograph of a youth. These photos will be stock photographs of youth you may or may not be refugees. The main objective of this exercise is simply to address issues of perception and personal biases
- Once receiving a photograph, each participant will fill out a questionnaire, which asks them to guess things about the person in the photograph's personality, background, and history.
- Once everyone has completed their questionnaire, each participant will give a summary of their answers and the TRUE answers will be revealed. In addition participants may be asked how they arrived at these decisions.
- Concluding comments on perceptions and personal biases will be made.

PART C – Images of Refugees (30 minutes)

- Ask participants to list misconceptions they've heard about refugees
- Ask participants to list where these misconceptions come from
- Using powerpoint, show them images of refugees that may or may not be controversial. Throughout the powerpoint, the participants will be invited to comment on the photographs. How do they make them feel? Do they like them? If not, why do they dislike the photo?

PART D – Introduce Workshop (15 minutes)

- Identify Workshop Objectives
- Handout workshop agenda
- Set the workshop ground rules

PART E – What Makes a Good Photo Slideshow (25 minutes)

- Discuss Glossary handout
- Show slideshow
- Using the handout and the slideshow, invite participants to comment on the photographs by using the terms featured on the glossary handout

PART F – Introduction to Camera (20 minutes)

- Handout digital cameras and introduce them to the camera's parts and functions
- Handout camera diagram

PART G – Wrap-Up (15 minutes)

- Thank participants for their time and contribution
- Clean up
- Tell participants what is in store for next class
- Ask participants to bring in an object (the object may be an actual photo) that they brought with them from their country of origin for the next session. We realize that in some cases, participants may not have brought anything with them to Canada. Therefore if they do not have an object from their native country, they will be invited to bring in an object that symbolically represents an object they once had in their country of origin.
- Throughout the program, each participant will have the opportunity to share their favorite music with the group during the break. This will function as both an ice breaker and a as a social activity. One person will be chosen each class to bring in their music for next time.

Notebooks and Pens

Digital Cameras: (preferably 8.0 megapixels): including charged batteries, memory cards, USB cord if necessary

Session 1.2 Composition - Photos and Words

Objective

This session will invite participants to consider the decisions they make as photographers as it relates to the techniques that they use and the compositional outcome. They will also be asked to critically critique the work of their peers. Through these exercises participants will learn how to use words and photos to tell a story. The second half of the workshop will serve to introduce the participants to video interviews. This session will introduce participants to the interview process. They will learn basic interview techniques, and with the assistance of the facilitators, the participants will be given the opportunity to conduct a video interview, both as an interview subject and as an interviewer.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Personal Object Activity – Photography Component (40 minutes)

- Prior to the activity, give the participants examples of photos taken of inanimate objects
- Viewing of *Passages to Canada*: <http://www.passagestocanada.com/da/passages.asp?coll=35>, an online digital archive that features the personal stories of refugees who have come to Canada
- Invite participants to take photos of their object
- After downloading the photos taken onto the laptop, they will be projected so that the group can collectively critique each others photos. During this critique participants will be asked to consider their motivations for taking each photo, as well as the story behind it.

PART B – Review Photographic Elements Slideshow (20 minutes)

- Show slideshow
- Review key terms and techniques used in photography

PART C – Introduction to Video Interviews (1 hour 15 minutes)

- Participants will be asked to rotate between: interviewee, interviewer, sound technician and camera person.
- This exercise will introduce participants to the video camera and the skills required to conduct a video interview. In addition it will also introduce them to the interview process. They will be asked to consider how to formulate open questions (e.g. using why and how questions) as the interviewer, and how to respond to questions as the interviewee.
- Interviewees will be asked to introduce themselves and will be asked to comment on their move from their native country to Canada, and more specifically Montreal.
- Participants will be encouraged to base their interview around 5 guiding questions: Where do you come from? What are your impressions of Canada and Montréal? Why are you here? What do you think of Canadians? What is home to you? These questions will be provided to them on a handout, which they can use as an aid during the interview.
- Please note that this process will permit the interviewee to respond to questions in their mother tongue, if they so choose.
- During the interview, two participants will be selected to take photographs of the process.

PART D – Wrap-Up Session (15 minutes)

- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time
- Participants who would like to borrow a digital camera will be permitted to do so at this time

Materials**

Laptop

Projector

Notebooks and pens

Digital Cameras: including recharged batteries, USB cords, and memory cards

Video Equipment: including camera, batteries, tapes, 2 microphones and earphones

Session 1.3 The Refugee Experience

Objective

This session will invite participants to critique the video work they produced in the previous session. In addition, this session will function to engage participants in a discussion around the refugee experience. At this time they will be invited to share their own experiences as refugee youth.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Video Critique (45 minutes)

- Participants will review the video footage taken from the previous session and will be asked to critique what they see. They will be asked to consider: what they liked about the interviews, what they thought worked well, and what they thought did not work.
- During this time the group will review effective and non-effective interviewing techniques, particularly as they pertain to the asking of questions.

PART B – The Refugee Experience (30 minutes)

- Participants will be asked to think about their own refugee experience. They will also be asked to think about what that word means to them
- They will then watch the 2007 Canadian Council of Refugees (CCR) Youth Network Video: <http://www.youtube.com/watch?v=COTSkxuoneY>
- A representative from the Canadian Council of Refugees will present a slideshow presentation that explores the diversity of the refugee experience in Canada, while also providing each participant with a glossary of terms that address the refugee experience.

PART C – Interviews on the Refugee Experience (1 hour)

- Each participant will be asked to define what it means to be a refugee.
- Participants will also be interviewed about their personal refugee experience. These interviews will be recorded on video.
- Participants will rotate between the following positions: interviewee, interviewer, sound technicians, and camera person.
- During the interview, two participants will be selected to take photographs of the process.

PART D – Warp-Up (15 minutes)

- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time

Materials**

Laptop

Projector

Notebooks and Pens

Video Equipment: including camera, batteries, tapes, 2 microphones and earphones

Television and cables required to attach video camera to the TV

Digital Cameras: including recharged batteries, USB cords, and memory cards

Session 1.4 Storytelling through Oral History and Storyboards

Objective

This session will allow participants to refine their storytelling skills and will also introduce them to storyboarding. Through discussions around family and personal passions, each participant will be given the opportunity to practice both giving and documenting their oral histories through film and storyboarding.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Review Interviewing Techniques (20 minutes)

- Recalling past sessions, participants will be asked to list good techniques and strategies that can be used by interviewers and interviewees.
- The facilitator will write these techniques on big sheets of paper so that the group can refer to them during the interview process
- In addition, the group will collectively decide on guiding questions for the interviews on family. For a list of potential questions, refer to Reference 1.4b.

PART B – Consent and Anonymity Discussion (15 minutes)

- This time will be used to discuss the benefits and implications of consenting to participate in the video recording of their oral testimonies. The facilitator will patiently field any questions or concerns that may come up during the discussion.
- Participants will be allowed to practice asking and giving consent.
- Prior to each interview, the interviewee will be asked by the interviewer for their oral consent to record their interview.

PART C – Interviews on Family (1 hour)

- Participants will rotate between interviewer, interviewee, sound technicians and camera people.
- Interviews will be conducted using the guiding questions devised by the group at the beginning of the session. It is important to note, however, that the interviewer is not limited to these questions.
- Provided that the interviewee gives their consent, the interviews will be recorded on video.
- During the interview, two participants will be selected to take photographs of the process.

PART D – Storyboard Activity (45 minutes)

- Participants will divide themselves into groups of 2 or 3, so that there is one facilitator for each group.
- Facilitators will work with each participant to develop a storyboard that will express how their given passion (e.g. music, dance, sports, art, etc.) define them.
- With video as the medium of choice, participants will use 3 different coloured post-it notes to organize lists of varying shots, interview questions, and materials (e.g. costumes, props and location) that they will need to convey their story through film. They will then arrange these post-its on Bristol board and arrange them in a chronological fashion.
- Participants will then present their storyboard to the larger group and will ask for feedback and critiques.
- Participants who are not working on their storyboards may also take photographs of the process at this time.

PART E – Wrap-Up (10 minutes)

- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time

Session 1.5 Character Portraits

Objective

This session invites participants to take portrait photographs of themselves and their peers. They will be asked to consider the different design elements and techniques that they have learnt throughout the workshop when taking their photos, and they will be strongly encouraged to discover innovative ways of showcasing these principles while also taking portrait photographs. The second half of the session will be devoted to a class discussion around people, places and things that they left in their native countries when they moved to Canada.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Portrait Slideshow (30 minutes)

- Participants will be shown a slideshow of portrait photographs of refugees that showcase different design elements.
- Participants will be invited to comment on the effectiveness of each design principle in conveying a message.

PART B – Introduction to Portrait Activity (1 hour)

- Participants will form groups of 2 and will be invited to take portrait photographs of their partner.
- Participants will be asked to take photographs that embody the following compositional elements: lighting, framing, background/foreground, negative/positive space and texture. By the end of this exercise each participant should have 5 photographs that showcase each design element.
- During this time, participants may also try to take self-portraits.

PART C – Leave Behind Exercise (45 minutes)

- Participants will be asked to write a list of 5 things that they were sad to leave when they came to Montréal
- Participants will then be asked to share what they wrote with the rest of the group.

PART D – Wrap-Up (15 minutes)

- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time

Session 1.6 Editing and Interviewing Techniques Revisited

Objective

This session will allow each participant to review all the work they have done, both with the cameras and on video. They will be given the opportunity to add, delete and edit their contributions, with the help and advice of their peers and facilitator. In addition, during this session, they will prepare for a guest speaker who will join the group in Session 1.7.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Review Media Produced (20 minutes)

- The group will view a 6 minute video that was produced using the footage that was taken from interviews conducted during Session 1.2-1.4.
- They will be asked to comment on what they liked and what they did not like. They will be able to comment, at this time, if there is anything that they would like to edit, add or delete from the video.

PART B - Editing Photographic Material and Quotations (1 hour)

- The group will be divided evenly into three groups, one group per facilitator.
- Viewing their portfolios on the facilitator's laptop, each group will select 3 photographs for each participant, which they agree is the photographer's best work.
- Once reviewing everyone's photo portfolios, the participants will be given a set of 5 cue cards, which features quotations that their facilitator extracted from their video interviews. Participants will be asked to individually select the quotations that they feel represent them the best. At this time they may choose to consult with their peers. If they do not like any of the quotations selected, they may write new ones.
- Once they have selected 3 quotations that they like, they will copy them out, in their own handwriting, on white paper. These papers will then be collected by the facilitators who will photoshop the text over the photographs that were selected.
- Once everyone has completed these tasks they will share what they have chosen with the entire group.
- If there is extra time, participants will be allowed to take more photographs, should they decide not to use any of the photographs that they have taken.

PART C – Preparatory Work for Guest Speaker (1 hour)

- Chosen by one of the facilitators, a guest speaker will be invited to join Session 1.7. At this time, the facilitator will give the participants a brief biography of the guest speaker and will show work (e.g. media pieces, artwork, music, etc.), if any, that the guest speaker either produced or contributed to. This can simply be a portrait photograph of the guest speaker to get the participants excited.
- Based on the facilitator's description, the group will come up with guiding questions that they would like to ask the guest speaker, keeping in mind the theme of youth and refugee experience. A facilitator will write down these questions and will produce the finalized list for the principle interviewer for the next session.
- Participants will then elect a principle interviewer who will ask the guiding questions to the guest speaker. A sound technician and a principle camera person will also be chosen during this time.
- A quick review, if necessary, will be given regarding good interview techniques.
- In addition, during this time, consent and the process used to ask for it will be discussed again at this time. The principle interviewer will be reminded that he/she will be responsible for obtaining consent from the guest speaker in the following week.

PART D – Wrap-Up (10 minutes)

- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time

Black pens

Session 1.7 Critical Analysis

Objective

This session will permit the participants to exercise the critical skills that they have developed over the course of the workshop. They will apply these skills to a critique of their own work and on a professionally produced media piece that they will be shown in the second half of the class, which addresses issues of race and racism. This session will also allow the participants to perfect the interview skills that they have learnt, by conducting a video interview with a guest speaker.

Time

3 hrs (includes 30 minutes of break time)

Outline

PART A – Review Media Produced (30 minutes)

- The group will view and critique the video pieces and photographs that they have completed.
- They will be asked to comment on what they liked and what they did not like. They will be able to provide each other with constructive criticism, while also congratulating each other for their contribution to the group. During this time they will be asked to refer to the techniques and design principles that they have learnt over the course of the workshop.
- The group's guest speaker will also be invited to comment on his/her impressions of the media pieces. This will help the group gain an outside perspective.

PART B – Guest Speaker (1 hour)

- A guest speaker (preferably a refugee youth who is slightly older than the participants) will be invited to the workshop. He/she will be introduced to the group.
- With the guest speakers consent, the participants will conduct a video interview with the guest speaker, focusing their questions around the refugee and youth experience. The principle interviewer will be in charge of conducting the first half of the interview based on guiding questions that the group collectively devised during last week's session. Questions will then be opened up to the rest of the group.
- During the interview, two participants will be selected to take photographs of the process.

PART C – Consent and Anonymity Discussion (20 minutes)

- Prior to break the group will revisit the issue of consent. During this time, the facilitator will discuss with the group the benefits and implications of consenting to participate in the Mapping Memories photography workshop. In addition, participants will be given the opportunity to ask the facilitators any questions or concerns that they may have regarding consent.
- Each participant will be provided with a consent form. Those participants over the age of 18 will be able to sign their own consent forms. Those under the age of 18 will be given a copy to give to their legal guardian to sign.

PART D - Discussion Around Race (30 minutes)

- Participants will be shown a 8 minute excerpt from the film *The Color of Fear* (1994) starting at 00:10:09. *The Color of Fear* is a film that records a discussion between men in the United States, of different races, on the topic of race and racism. If *The Color of Fear* is not attainable, another media piece that addresses issues of race and racism can be used instead.
- Participants will then engage in a group discussion regarding what they saw in the film. They will be asked to comment on race and racism and will be invited to share any personal experiences that they may have had.
- This discussion, with the permission of the group, will be recorded on film.

PART D – Wrap-Up (10 minutes)

- Thank the guest speaker for attending the session
- Clean up
- Tell participants what is in store for next class
- Choose a participant who will bring in their favorite music for next time

Digital cameras: including recharged batteries, USB cables and memory cards

Video Equipment: including camera, batteries, tapes, 2 microphones and earphones

Television and DVD Player

Session 1.8 Review and Concluding Session

Objective

To conclude the program and to assess what has been learnt from the entire experience. During this time participants will be invited to celebrate their accomplishments and review the work that they have completed.

Time

3 hrs

Outline

PART A – Final Review and Debriefing Session (1 hour)

- The group will review each participants photography projects and contributions.
- Each participant will share their experience of the workshop with the group, while we share a meal.
- During this time participants will also prepare to present their work at their annual Christmas concert

PART B – Photo Shoot with Professional Photographer (45 minutes)

- A professional photographer will be brought into the class to take professional profile photos of each participant.

PART C – CBC Interview

- A representative from the CBC will conduct interviews with the participants regarding their experiences during the workshop.

PART D – Concluding Remarks (15 minutes)

- At this time each participants will be presented with a certificate of completion, a DVD featuring all the video and photo work they produced, printed photographs of their best work and a stipend. They will also be congratulated for their accomplishments.
